

QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

Luxuriously efficient. Efficiently luxurious.

With the relaxed elegance of its contemporary design, the View's premium furnishings, carefully engineered systems and functional storage combine to create a motorhome that's as easy to live in as it is to drive.

From its
rock-solid
foundation
to the latest
innovations,
the View has
never looked
better.

Mercedes-Benz Sprinter Chassis

The proven Sprinter chassis incorporates the latest Mercedes-Benz® safety features and, with its fuel-efficient turbo-diesel V6, provides plenty of towing power.

Upscale interior

With premium components and contemporary design cues, you'll be proud to call your View® home everywhere you go.

Extended escapes

Stay out longer, thanks to the View's standard 200-watt solar panels, available dual lithium-ion batteries and 2kW inverter, and some of the largest holding tanks in its class.

SuperShell™ Sleeper Deck

The stylish lightweight fiberglass outer shell provides enhanced thermal and acoustic insulation, keeping things quieter and more comfortable, in camp and on the road.

Exterior storage

No toy left behind: the View offers up to 43 cubic feet of exterior storage, including cross-coach storage (24D, 24J) for larger items.

Thoughtfully designed spaces, highlighted with deluxe amenities.

Gourmet-worthy galley

The enhanced galley features larger cabinets and drawers, more usable counter space, large 10 cu. ft. DC refrigerator/freezer, and hybrid LP/induction cooktop.

Dining options to suit your taste

Dine and relax in comfort: the three View floorplans let you choose the seating and table options that work best for your style.

Deluxe seating options

Available theater seating with hideaway swivel tables (24D, 24J) or dual recliners with table (24V), make an ideal spot to catch a movie or the big game.

Attractive, functional storage solutions

Lightweight and durable, the curved Tecnoform® cabinets blend perfectly with the stylish interior, while thoughtful touches like the lighted soft-close drawers abound.

Flexible sleep solutions

In addition to a cabover bunk, each floorplan offers a different bed configuration: Murphy+ bed (24D), rear corner bed (24J) or Flex bed twin/queen system (24V).

Deluxe bath

The well-equipped bath includes a separate shower with Oxygenics® showerhead, stainless steel sink, lavatory and medicine cabinets, and gentle toe-kick lighting.

Dotted lines denote overhead storage area. Blue dashed lines denote sleeping areas. Floorplans are representations only and are subject to change. Please contact a certified Winnebago dealer for more information.

24D

24J

24V

Family getaways,
weekends with
friends or the
trip of a lifetime:
the View rises to
every occasion.

FROLI sleep system (24J, 24V)

Developed in Europe, the FROLI® Sleep System relieves pressure and improves air circulation under the mattress for a better night's sleep.

Entertainment Package

The available entertainment system upgrade includes a Blu-Ray Disc® player and Bluetooth® soundbar for a more immersive experience.

Enhanced entryway door

It all starts here: the sleek entrance includes a streamlined screen door with a large window and built-in storage. And the double latching system reduces road and camp noise.

12-month/15,000-mile limited warranty⁷
36-month/36,000-mile limited warranty on structure⁸
10-year limited parts-and-labor warranty on roof skin⁹

FOOTNOTES

- The height of each model is measured to the top of the tallest
standard feature and is based on the curb weight of a typically
equipped unit. The actual height of our vehicle may vary by several
inches depending on chassis or equipment variations. Please
contact your dealer for further information.
- The load capacity of your motorhome is designated by weight, not
by volume, so you cannot necessarily use all available space when
loading your motorhome.
- Capacities are based on measurements prior to tank installation.
Slight capacity variations can result due to installation
applications.
- Capacities shown are tank manufacturer's listed water capacity
(W.C.). Actual filled LP capacity is 80% of listing due to overfilling
prevention device on tank.
- Actual towing capacity is dependent on your particular loading and
towing circumstances which includes the GVWR, GVWR and GCWR,
as well as adequate trailer brakes. Please refer to the Operator's
Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.
- Sleeping capacity is the maximum based on a specific floorplan.
Because features, specifications, equipment, and options may vary
from those highlighted on this document, the buyer is responsible for
confirming with the dealer the features, specifications, equipment,
and options included in their specific vehicle.
- In addition, Winnebago's program of continuous product improvement
may result in changes to vehicle specifications, equipment, model
availability, and price without notice.
